

Probus Activities and Events

The Covid Pandemic has been responsible for a significant reduction in the activities of the Club. Listed below are those which have been possible to retain for much of 2021 and, we hope, will remain possible during 2022. Also listed are those which have taken place in the past but which are now in abeyance until the pandemic eases off.

Lunches

The essential commitment of a Probus member is regular attendance at the monthly lunches and it is hoped that new members, when they have got to know other members will help in some capacity to make them a success.

Talks

These take place at the end of lunches and the Club is always looking for people to give a brief talk on topics of general interest. A-V equipment is available.

Walks

These have been taking place on a monthly basis during 2021 and this is expected to continue during 2022. They are led by members and are around 6-7 miles long in the Sevenoaks area. They usually have a pub lunch in the middle. These are all male affairs with no dogs.

Other Activities

Prior to the pandemic other activities comprised **Theatre Trips, Concerts, Visits** to places of interest, **Outings** and **Holidays**. It is hoped that we can reinstate these activities once the pandemic restrictions are eased.

UK General Data Protection Regulation

The Probus Club of Sevenoaks handles the personal data of members in accordance with the UK's GDPR. A copy of this policy is available on the Probus Website [here](#). Your completion of the application form indicates that you consent to this policy.
